Class Placement 2019/2020

We are in the process of planning the next academic year. We will work on having our budget and preliminary are now in draft form below. It is important that you trust the teachers and administration to build classes that suit the students' both academic and social needs. We take a lot of care in doing classroom composition for each grade. We make up each class list in a way that maximizes the quality of teaching and learning conditions for all students. The classroom composition for each grade has to reflect the acceptance of all individuals within an inclusive school as we attempt to provide appropriate educational programming to all children. If you have specific educational reasons why your child may be placed in a particular class, please contact the office in writing as soon as possible. We do consider these requests along with all other pertinent information provided by classroom teachers and support staff. Please note that your request will be considered but we do not guarantee that it will be honored. It does become, however, an important part of our planning process. Please note the chart below is a **DRAFT** only. Changes between now and September 30 are almost certain.

Our Intermediate Spring Show

We have discussed the intermediate spring concert and have agreed to postpone it. We think it is a good idea rather to do two intermediate performances in June at assemblies. Many of the students are busy in the evenings and some are not prepared in any way to perform. We feel the show would not be to the level of quality we have come to expect of our kids if we were to host it this soon. These assemblies are now on the calendar for June 11 and 18. Please speak with Elizabeth or myself directly if you have any questions. Thanks for your understanding.
